

Dangerous Substances and Explosive Atmospheres Regulations (DSEAR) Awareness

Overview

Dangerous substances can put people's safety at risk from fire, explosion and corrosion of metal. DSEAR puts duties on employers and the self-employed to protect people from these risks to their safety in the workplace and to members of the public who may be put at risk by work activity.

Course Content

By the end of the session delegates will:

- Have a better understanding of what DSEAR is
- Have a better understanding of their legal responsibilities with regards to the DSEAR 2002

Certification

Certificates of attendance will be awarded to delegates upon completion of the course.

Duration

½ Day
