

Level 3 Intermediate Certificate in HACCP (Hazard Analysis and Critical Control Point)

Who should attend?

This qualification is for Food Operatives who need to Support Safety Management and Employees.

Course Aims & Objectives

This course is aimed at those responsible for assisting in the development and maintenance of HACCP systems.

The objective of the qualification is to provide learners with the knowledge necessary to be an integral part of a HACCP (hazard analysis and critical control point) team. The qualification is aimed at learners who are already working in the food industry with knowledge of food hazards and controls.

HACCP is regarded by the Foods Standards Agency as being important to maintaining good practice in the production of safe food.

Course Outline
